Document Generated, Editing and Downloading

Document Generated

The generated legal document is displayed in the application.

Editing the Document

If the user wants to edit the document, they can click the "Click to Edit Document" button. A new window opens where the document can be edited.

Downloading / Saving the Generated Document

Documents can be downloaded and saved in the following formats:

- .txt
- .docx — the document includes the logo on the front page and a footer on the last page.
- .pdf — provides a well-formatted, ready-to-use legal document with logo and footer on all pages.
